NUMBER 147.

WEATHER BULLETIN.

Report Sent Out From the Bureau at Washington.

THE CONDITION OF CROPS.

This Period of Cold Has Proved Very Unfavorable to Growing Crops and Much Injury Has Resulted From Frosts Throughout the Northern Portion of the Country.

WASHINGTON, May 15.—The weather bureau, in its regular weekly report of weather crop conditions, says: The great feature of the week was the remarkably cool wave, which overspread nearly the whole of the country east of the Rocky mountains on the 11th and 12th, was attended by freezing weather in the northern states and frost as far south as the Ohio valley and western portion of South Carolina. This period of cold has proved very unfavorable to growing crops and much injury has resulted from frosts throughout the northern portions of the country.

The line of freezing temperature extends from western Montana southeastward to western Nebraska, thence northward to southern North Dakota and thence eastward through the southern portions of Minnesota, Wisconsin and Michigan, northeastern Ohio and northwestern Pennsylvania to western New York, the lowest temperature within the United States being about 10 degrees below freezing over the extreme northern portions of Minnesota and Montana.

The following special telegrams were received by the weather bureau from the various state weather services and are based upon more than 10,000 special reports:

New York—Ithaca—Until Saturday, 11th, very hot; irregular showers; vegetation far in advance; all conditions favorable, except in southeastern portion, where crops are suffering from drought; heavy thunderstorms, with hail, Saturday afternoon caused great damage to fruits and nurseries near Rochester; killing frosts in portions of Niagara and Chautauqua counties; great damage to grapes and peaches; elsewhere no damage reported.

Tennessee—Nashville—Light frost, but no serious damage on the 13th; heavy frost the 14th, too late to learn extent of damages; crops of all kinds nicely; cotton and corn being worked; cutworms still destructive to corn and tobacco.

Kentucky—Louisville—First half of week clear and warm; last half cold, cloudy and showery; slight damage from frost 12th and 13th, but serious injury probable from killing frosts of the 14th.

Missouri—Columbia—Much wheat damaged by drought and chinch bugs in central and western and by fly in southern sections; damage by frost slight.

Illinois—Chicago—Frost damage slight in southern portion, but in northern counties corn, fruit and garden truck greatly damaged; first of week very hot, very cold; rainfall plentiful in north and west half, but much needed in southern portion; strawberries being marketed in southern portion, large yield, excellent quality; wheat, rye, oats, sprouting corn and clover injured by drought, and insects in southern and southeastern counties.

Indiana—Indianapolis—Frost Monday night probably caused injury in localities, especially in northern portion; very warm weather first of week, and local rains fell several days; crops advanced only slowly; corn coming up nicely; cutworms numerous and doing much damage.

West Virginia—Parkersburg—Excessively warm and dry until Saturday; special telegraphic reports from Hinton, Bluefield, Grafton and Wheeling indicate severe damage by frosts to grapes, potatoes, all tender vegetables and fruits in uplands; river bottoms generally protected by fog, no serious damage to wheat, corn and grass reported.

Ohio—Columbus—Where rain fell it improved condition of wheat, oats and grasses, elsewhere no decided changes; corn and potatoes coming up generally, tobacco plants damaged by drought and insects; frosts added to large extent, tender plants, grapes, berries and believed to have seriously injured jointed wheat, corn, potatoes and fruit over eastern portion; not so badly over central and western portions.

Michigan—Lansing—Warm bonnifit rains have improved and rapidly advanced all vegetation; corn and potato planting rapidly progressing, frost Saturday and Sunday slightly damaged fruits, corn and garden truck in central lower peninsula and fruits in upper portion.

Wisconsin—Milwaukee—Favorable conditions during first half of the week caused rapid growth and put farm work two weeks in advance of average season, heavy frost Saturday, Sunday and Monday nights killed fruits and vegetables in northern and injured them severely in central portion; damage to corn and grain comparatively light; corn not generally up; injury to strawberries moderate.

Minnesota—Minneapolis—Unseasonably warm until Friday, afterward much cooler with sharp frosts, cutting corn, potatoes and garden truck to the ground; fruit also considerably damaged; but small grain uninjured and cool spell favorable for stooling; hardiest vegetation will fully recuperate and season sufficiently early to replant the tender vegetables killed.

Iowa—Des Moines—First half week extremely warm; last half unusually cold, with severe frosts; garden truck, potatoes, grapes and berries badly injured, but small grain not materially

hurt; corn in low places was cut, but will recover.

North Dakota—Bismarck—The week was generally favorable; heavy frosts have injured fruit and gardens, but no damage to crops is reported, and it is not thought they have been seriously injured; prospects remain the best for several years.

South Dakota—Huron—Generally condition favorable, except gardens, fruit and potatoes considerably, and cereals slightly affected by frost in many localities in eastern portion; field crops will recover; considerable permanent injury to fruit; cool weather promoting small grain stooling.

Kansas—Topeka—Warm and little rain, except in eastern counties; corn doing well, but wheat, oats, flax and fruits affected by drought; frost cut corn, gardens and some fruits in central and western counties.

AMERICANS IN CUBA.

Six Expeditions Are Already There Aiding the Insurgents.

GIBARA, Cuba, May 15.—It is said the insurgents have complete control over the eastern end of the island, that is the provinces of Baracoa and Santiago.

Last night 45 Americans and 200 Winchester rifles were landed at Nip bay from the yacht Corona. The filibusters are said to have been fitted out near Satilla river, Georgia. They are guaranteed all the plunder they can take. This is the sixth expedition that has landed from southern states during the past two weeks. Two came from New Orleans, one from St. Marks, Fla., one from Galveston and one from Mobile.

Too Many Spaniards Killed.

TAMPA, Fla., May 15.—The Spanish warship *Imanita* Isabella weighed anchor yesterday and sailed direct for Havana. It was expected that she would proceed to Key West, where she would remain several days before going to Cuba, but late Monday night official dispatches directed her to proceed immediately to Havana.

The Spanish consul here asserts that the revolution is aborting. He says he has kept a record and thus far the American press has killed 68,000 Spaniards, which he claims to be accurate, as there are not that many troops in Cuba.

Confident of Victory.

CADIZ, May 15.—Persons who have arrived here recently from Havana, declared that the campaign, which is being directed by Captain General Martinez de Campos against the Cuban insurgents, will be briefer than generally expected. The military operations, they add, will be pushed during the rainy season. Captain General Martinez de Campos will remain in Cuba until order is completely restored, which, it is claimed, will probably be before the beginning of next year.

General Campos in Havana.

HAVANA, May 15.—Captain General Martinez de Campos unexpectedly arrived here yesterday from Cienfuegos.

DISASTERS ON THE LAKES.

Eleven Vessels Are Known to Have Been Wrecked.

CHICAGO, May 15.—The storm which swept Lake Michigan Monday and Monday night was the most disastrous since the gale of last May, in which so many lives were lost. The list of known wrecks is as follows:

Quickstep, wrecked off Racine.

J. B. Kitchen, wrecked at Middle Island.

Viking, I. H., driven aground with three consorts at Sand Beach.

Unknown steam barge ashore six miles north of Sand Beach.

Steamer Unique wrecked at St. Clair. Three schooners wrecked off East Tawas, Mich.

Schooner Reindeer reported stranded at Black river.

Unknown schooner wrecked off Racine.

Three-masted schooner wrecked near Milwaukee.

It was rumored that the City of Holland and the Mabel Bradshaw, passenger and freight boats, plying between Chicago and Holland, Mich., were missing, but it developed later that both had been unable to leave the Holland harbor and were safe.

Marine men here anxiously awaited news from missing boats, and grave fears were expressed for the safety of all ships overdue.

Ended His Troubles in Death.

KANSAS CITY, May 15.—John Shaw, once a banker in Warwick, Ont., committed suicide yesterday by taking carbolic acid in his room at the Colorado hotel in this city. Frank Hood, a boy, who was traveling with Shaw, discovered his dead body in the afternoon. During the last few weeks Shaw and young hood had been touring the state with a one-horse wagon containing a stereopticon outfit, giving shows in country towns. Shaw left a 24-page letter, giving an interesting detailed history of his life. He states that his marriage had been an unhappy one, and that the reverses which he had experienced lately were too much, and he therefore decided to end his troubles in death.

Drink, Poker and a Revolver.

SHELBYVILLE, Ind., May 15.—John Hines, 25, a barber, came here Monday evening, to look for work. Finding none, he drank a little, played poker, lost his money, grew desperate, and, while sitting at the poker table late Monday night, drew a revolver and fired at his breast. The bullet entered just below the heart, was deflected by a rib, and came out on the opposite angle of the back. He is still alive.

TROOPS NECESSARY.

Peace Must Be Preserved at Pocahontas.

TIRING ON THE PICKET LINES.

Over a Thousand Men Now at Work Under the Protection of the Militia—Operators Hopeful—Miners Soliciting Aid—Kansans Miners Suffering For Food—Ohio Miners Will Stand Together.

POCAHONTAS, Va., May 15.—Governor O'Ferrall returned to Richmond yesterday evening. He made a thorough investigation of the troubles here. He is satisfied that the presence of troops was necessary to preserve order, and says they will remain as long as the condition now existing continues. His persistence in keeping the military here is bitterly contested by local men. West Virginia miners are closely watched, as firing on the picket lines has increased. The military duty has been especially severe on account of the cold weather, and it has been necessary to relieve the men by ordering new companies.

In an interview with Colonel May, attorney for the Norfolk and Western company, he says the situation is decidedly promising for the operators, and that the mines here will be kept at work and the militia will remain all summer if the attitude of the West Virginia miners remain the same.

There are at least 1,000 men at work at the Browning mines and 300 in the Southwest Coal company. Colonel Browning says that in less than a week his output will be greater than ever and the output from this place will be as great as it has been. Seventy cars were loaded yesterday.

The miners held a big barbecue at Keystone, W. Va., yesterday, and steps are being taken looking to an adjustment of their difficulty. It is reported here that ex-President Kimball of the Norfolk and Western will meet the operators to agree upon terms during the week.

Rioting is reported at Thackers, W. Va., and operations were suspended there yesterday. The miners are soliciting aid from the citizens and receiving it.

KANSAS MINERS SUFFERING.

The Condition of Some of the Men and Their Families Are Deplorable.

TOPEKA, May 15.—State Labor Commissioner Bird has just returned from Scranton, Osage county, where he had been sent to investigate reports of suffering among the coal miners on account of enforced idleness. He declares that the condition of some of the men and their families is deplorable. Of the

400 miners in and about Scranton, 200 have had no work for six weeks to two months and the others are doing the work of 25, getting from \$3 to \$10 a week.

The cause of it all is, of course, lack of demand for coal. The idle men have tried to get work on the farms or in other avocations, but the labor market is overstocked, and they finally appealed to the governor.

Governor Morrill has laid the matter before Receiver Joseph C. Wilson of the Santa Fe in the hope that the company may do something for the men.

About the same condition exists at Peterson, Osage City and other places in the Osage county district.

Ohio Miners Standing Together.

MASILLON, O., May 15.—Massmeeting of the miners in this district is being held here and at Wadsworth and in Rogues Hollow to act upon the suggestion of State President Ratchford that all the Massillon miners stand by the Columbus agreement rather than attempt to take independent action.

Ratchford has been here for a few days working with the men, and there seems to be no doubt that they will do as he requests them. There are 2,000 miners in this district.

Miners Resume.

PITTSBURG, May 15.—The 200 miners who were forced out from the Standard mines last Friday by the strikers returned to work Tuesday at the old rate. The strikers threaten to return to the mine and compel the men to quit.

BOILER BLOWN UP.

Five Men Killed and Three Others Fatally Injured.

WEST BINGHAM, Pa., May 15.—Yesterday afternoon the bodies of eight men, horribly mangled, scalded and disfigured, were picked out from among the ruins of the Peck, Hashee & Coobs sawmill here, the victims of the explosion of the boiler in the mill. Five were dead, and two of the three others have since died.

Those killed outright were Claude English, James Mowers, Eugene Merrick, Lyman Perry and Charles Rover. Caleb Converse was badly scalped about the head and chest, has since died. Albert DeGroat was so fearfully mangled by boiler iron that he soon died and Bell Gratley was injured internally and sustained a broken leg, but he will recover.

The mill was run by steam, generated in an old 80-horse power boiler, which it is reported, had been condemned by an inspector a few days before because the steam gauge failed to record accurately the amount of steam pressure.

Thirteen men were employed in the mill. Yesterday morning they were busy at work when a belt broke, shutting down operations. While it was being repaired, nobody paid any attention to the boiler which was making steam meantime at a prodigious rate for a hot fire had been kindled under it. Sud-

denly there came a boom as of a cannon, followed by a cloud of steam, dust and smoke, which rose high in the air.

Four of the victims were torn limb from limb and their remains scattered about the mill and the immediate vicinity. The mill was almost entirely demolished. Parts of the boiler were blown hundreds of feet. The victims were horribly mangled, having their heads crushed to a jelly and being recognizable only by their clothing. The dead workmen were all married and had families.

WAGES INCREASED.

Twenty-Five Thousand Men Made Happy by the Carnegie Steel Company.

PITTSBURG, May 15.—The board of managers of the Carnegie Steel company decided last night to advance its 25,000 men 10 per cent, the raise to take effect on June 1. The notices which will be posted in all the mills read as follows:

Notwithstanding the existing contracts between the Carnegie Steel company and its employees, fixing the rate of wages for 1895, this association has decided that the present business outlook will justify higher rates, and accordingly take pleasure in notifying its employees at the Edgar Thomson furnaces, Edgar Thomson steel works, Duquesne steel works, Homestead steel works, Lucy furnaces, Keystone bridge works, Upper Union mills, Lower Union mills and Beaver Falls mills, that from June 1, 1895, and until further notice, the scale rates paid to all tonnage, day and turn men, will be increased 10 per cent; this without prejudice to the 1895 wage contracts still in force.

By order of the board of managers,

H. C. FRICK, Chairman.

This action is entirely opposite to what members of the board gave out after Saturday's meeting on the demand for an increase made by the furnace men at the Edgar Thomson furnaces. It is claimed, however, that Mr. Frick cabled to Andrew Carnegie in England, and that the increase was first suggested by Mr. Carnegie.

It is not known what effect this action will have on the fight of the Amalgamated association in other mills. Outside manufacturers claim that in many instances the Carnegie scale is 50 per cent lower than the Amalgamated scale, but this can not be determined accurately by reason of the fact that the improved machinery of the Carnegie company's mills gives the men much greater earning power than in other mills. This is the first advance since the reductions of 1892.

These Men Get 15 Per Cent Advance.

BELLAIRE, O., May 15.—The 400 employees at the Bellaire blast furnace were voluntarily offered an increase of 15 per cent in wages yesterday by the Bellaire Nail Works company. They will accept the advance.

DISASTROUS TO SEAL FISHING.

British Vessels Will Enter Bering Sea in defiance of the United States.

WASHINGTON, May 15.—An ugly crisis has been reached in the negotiations between the United States and Great Britain looking to the adoption of uniform regulations for the government of the seal fisheries this season. The British government positively refuses to re-enact the regulation of last year which prohibits the carrying of firearms by sealing vessels through the zone north of the thirty-fifth parallel during the closed season.

The United States officials look upon this as disastrous to the seal fisheries, holding that the result will be to relieve the pelagic sealers of the only restriction which has operated to prevent an unlimited slaughter of the herds. While killing by firearms remains illegal, it is realized that it will be impossible to enforce this prohibition if arms can be freely carried, for the sealers would kill freely unless they should happen to be under the very eye of a revenue cutter. Meanwhile the United States cutters have gone out under the old instructions to seize all vessels carrying arms not under seal. These must be modified speedily by orders sent through the Alaska Commercial company's steamer, which leaves San Francisco in a day or two or else there may be another big claim for damages on account of illegal seizures by the British government.

The attitude of the latter is viewed with much dissatisfaction at the state department where it is regarded as an evidence of unwarrantable concession to the Canadian pelagic sealers. It is also held that the effect of the British action is to practically nullify all measure of protection for the seals that was conferred by the Paris arbitration, and it would not be surprising if this course is persisted in if it resulted in a declaration by the United States of the abrogation of the treaty.

Drew Revolvers, but Didn't Shoot.

MOUNT STERLING, Ky., May 15.—The Blair lynching case had another outbreak yesterday. James Roach, the young tailor who was arrested for hanging Blair, and sent to Lexington to evade a mob, met Bob Crouch in front of W. W. Reed's hardware store yesterday evening. Pistols were drawn, but friends interfered and a killing was prevented. Officers arrested both parties and they were heavily fined by Judge Turner. Roach was cleared by the last court for the hanging of Blair as was Foreman, but is bitter against those who tried to lay the crime at his feet, and trouble over trying to convict him is now as dangerous as the hanging of Blair.

ENTERPRISE, Miss., May 15.—Ollie Edwards and the wife of Chris Thompson, both colored, were killed early yesterday morning by some unknown party on R. A. Sheerdon's place, where they were employed. Suspicion points to Chris Thompson as the murderer.

Ned Rose Kills His Brother.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

WEDNESDAY, MAY 15, 1895.

Showers; warmer; northerly wind, becoming variable.

WHENEVER the Governor of Kentucky refuses to pardon those who are given a jail sentence for carrying a pistol, there will be less crime committed in the State. It is very seldom that the jail sentence stands except it catches some poor devil without friends or influence.—Winchester Democrat.

Unquestionably there is too much of this pardon business and too little effort made to enforce the laws.

REV. W. E. ARNOLD, formerly of this county, is Secretary of the Methodist district conference in session at Lancaster.

The marriage of Miss Mae Marshall, daughter of Hon. and Mrs. A. K. Marshall, to Rev. M. B. Adams is announced to occur June 4th, at "Cottage Cliff," the home of the bride, near Lewisburg. The groom-to-be is the eloquent young pastor of the Baptist Church at Lewisburg.

It is surprising the number of people whose eyes have been fitted with glasses who heretofore have been unable to procure glasses for their eyes. By the new system now being used by P. J. Murphy, the jeweler, the difficulty of fitting the eyes has been overcome. Satisfaction guaranteed.

LADIES often have their pocket books stolen while on the street. They are very apt to leave them on the counter while shopping or lay them down in the cars when traveling, but the ideal safety chain prevents all these accidents. This little novelty can also be used either as a fan holder or watch chain. See it at Ballenger's.

DR. R. T. Wood, of Paris, says that bluestone (sulphate of copper) will destroy the cut-worms that are just now playing havoc with growing crops. Dr. Wood says that if seeds are treated with a solution of the above before sowing, they will not be bothered with the worms, or if the growing plants are sprinkled with the solution the worms will leave the plants.

At the Southern Baptist Convention in Washington City, reports showed that although there are now over 30,000 Baptist churches in the South there are 3,000 homeless congregations. J. J. Taylor, of Mobile, Ala., Treasurer of the Foreign Mission Board, reported the apportionment for the foreign missionary work of the ensuing year. It aggregated \$150,000, of which Kentucky's share was \$18,000.

County Court.

The petition of heirs of the late Mary C. Cox that George L. Cox be appointed executor of the last will and testament of said Mary C. Cox was filed.

An inventory of the estate of the late Faithful Higgins was filed. The appraisement amounted to \$8,483.47.

Ordered that all ex-Justices return to the Clerk's office all books and records which came into their possession by virtue of their office.

The will of the late Mrs. Mary M. Myall was admitted to record. The management of her property is left to her husband, Mr. Jonas Myall, during his life, and at his death \$3,000 and all her jewelry is to go to her sister, Carrie H. Walton, the rest to be divided between her sister, Annie Threlkeld, her brother, Elias Moss, and her nephews, Bell Hern-don and Vincent Moss.

TO-MORROW

New Ball Park Will Be Opened—
Band May Be Out to Give the
Boys a Send-Off.

Everything will be in readiness for the opening of the handsome new base ball park to-morrow afternoon, and nothing but rain will prevent that event.

The managers are trying to arrange with the Maysville band to be present and give the new team a good send-off.

Mayor Cox will be on hand, and will open the game with a few words of advice and encouragement.

The strong Y. M. C. A. team of Cincinnati will be the opposing club. Rat-terman will likely be in the box for the visitors while Ross Miller will put 'em over for the Maysvilles.

The work of fitting up the grounds is completed with the exception of the fencing, and that will be finished by the time fixed for the opening of the game.

Go out and give the boys a handsome send-off.

Waists For Boys.

Hochinger & Co. for the next ten days will sell fancy and white star shirt waists for 65 cents each, cash. These waists were never sold before for less than \$1.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

SPRINGDALE.

T. P. Dogman & Co. are prizing tobacco this week.

We had light frost here Sunday and Monday morning.

W. I. Vaughn is rejoicing over the arrival of a 10 pound boy.

Mr. and Mrs. C. P. Vawter Sundayed with Mr. and Mrs. Ed. McDonald at Highland farm on the 12th.

Cabin Creek, loath to give up her good name, has weekly court. No less than seven cases before Squire Hook for Wednesday, the 15th.

Some miserable miscreant tore down a school election notice in less than three hours after Chairman Vawter had posted it, showing that desperate means are intended in the coming election. Perhaps if Superintendent Blatterman had presented the last poll sheet from here to the grand jury the law would have been respected a little more, but he no doubt thought it would never be respected if let alone.

STONE LICK.

The big frost Sunday did considerable damage. Cut worms are destroying tobacco beds, corn and gardens.

A war of words occurred in the neighborhood the other day. Beyond one harmless pass there was no harm done.

Mr. Levi Colburn got his foot severely mashed by a horse tramping on it, but is now able to walk a little without a cane.

There was a nice croquette party at Uncle Press Tolle's Thursday evening. The playing was well contested and all enjoyed themselves splendidly.

There will be a fishing party next Saturday at Brodt's mill on the North Fork. A grand time is anticipated. There is said to be a great many fish there, but we opine there will be more enjoyment socially than fishing.

Mr. W. H. Newkirk and his brother Frank, of Belmont, Ohio, were over looking for a school. They applied for and secured a partial promise of the "Bear Wallow" school. They are gentlemen of worth and culture, and have relatives in Maysville and Aberdeen.

Mr. J. H. Wallingford paid a flying visit to his son, Dr. Stuart Wallingford, of Cincinnati, whom he found well and doing well. He is pleasantly situated with Dr. Knox and getting a good practice. He has thoroughly educated himself and with his genial manners and pleasant address we do not see why success should not crown his efforts.

Mr. J. R. Bean, an old and former citizen of this county, is visiting relatives here. He is an ex-Confederate soldier, fought at Ivy Mountain, was under Lee at Richmond and at the close of the war was in the commissary department of the army of Richmond. He is a life long Democrat and expects the time-honored principles of the party to finally triumph.

Your correspondent had the pleasure of spending an evening recently with our old friend, Mr. Knobeshaw, and his estimable family. The evening was entertainingly spent in talking of farming, in which he is one of our most practicable or successful, and of school affairs, taxation and theology on all of which he is well posted. His sons are now carrying on the farm and they bid fair to be equally successful. Being prevailed on to take tea we were invited out to a sumptuous supper prepared by his amiable daughters who have been instructed in all the duties of housewifery, by an amiable mother and a most excellent wife.

The E. L. Kinneman Shows.

Next Monday evening will witness the initial performance of the E. L. Kinneman Shows. Mr. Kinneman, the Manager of the show, is well known to our citizens, having been a resident of Maysville and manager of the opera house for the past three seasons. Mr. Kinneman has been unfortunate in having the house during that time, as his business has suffered, more perhaps, than any other during the depression. He recently gave up the lease, and now proposes to embark in the show business in earnest. With that end in view, he purchased an immense canvas and outfit, and workmen are now busily engaged in getting things in shape for the opening which takes place next Monday. He feels grateful to the people of Maysville for their patronage in the past, and now extends a general and cordial invitation to all to come and visit his show, and assures us, should they honor him by their presence, it will be highly appreciated and esteemed as well.

He has engaged a formidable array of athletic talent, and will present an entertainment that will be a pleasant and most agreeable surprise to our amusement-goers. His new enterprise should have the encouragement of all, and it can be easily done by lending your presence. The names of the artists engaged are in itself a sufficient guarantee of the high character of the exhibition, which will be of a strictly moral and refined nature. Special attention will be paid to ladies and children. The price of admission is nominal, and easily within the reach of all,—10 and 20 cents. Show your appreciation of the efforts of a home man and a home enterprise by attending.

The River.

Rising slowly at several points.

A heavy fog delayed the boats this morning.

The Gate City passed up this morning with empties.

It will take about two weeks to complete the Scotia's new shaft.

The new C. and O. ferryboat for Iron-ton is receiving her machinery at Portsmouth.

The Stanley went into Cincinnati Monday with a big trip. One item of freight, 500 barrels of glassware.

The Bath and Keystone State down this evening and Telegraph to-night. Up to-night: Stanley and St. Lawrence.

Evangelist Brown Coming.

A protracted meeting will be commenced in the M. E. Church, South, next Sunday, to continue two or three weeks.

Evangelist Brown, of Texas, will assist the pastor, Rev. T. W. Watts. The public cordially invited.

DR. P. G. SMOOT. Office over Mitchell, Finch & Co.'s Bank. At residence of John N. Thomas at night.

Go to C. HELMER'S for the best ice cream in the city.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

JUDGE HAZELRIGG'S OPINION.

He Seems to Be in Doubt Whether The Special Turnpike Act of '86 is in Force.

The BULLETIN stated yesterday that Judge Hazelrigg had reinstated the injunction in the case of C. B. Pearce against Sheriff Jefferson and the Turnpike Commissioners. In his opinion the Judge says: "Upon a careful consideration of the very important question involved, it is thought that, although the act of May, 1886, may not have been rendered nugatory by the amendment in 1890, repealing its eighth section, or even repealed by any provision of the Constitution consistent therewith, nevertheless it seems probable that subsequent general legislation expressly intended to establish a uniform system of procuring and maintaining 'free turnpikes' is repugnant to the special act named and inconsistent therewith, and if so, even in part only, the proceedings of the Fiscal Court herein become of extreme doubtful validity, and the case should be tried on its merits after a more elaborate preparation. It is now directed that the order dissolving the injunction be and the same is hereby set aside, and the injunction is directed to be and the same is hereby reinstated."

PERSONAL.

Mrs. W. H. Cox and daughter have returned from Winchester.

Miss Nettie Roe left Tuesday to visit relatives at Lexington and Nicholasville.

Miss Belle Barkley arrived home last night from Cincinnati, after a short visit.

Mrs. Anna Means arrived home last night after a visit to relatives in Cincinnati.

Mr. Walter Wormald returned from Cincinnati last night where he had been on business.

Captain Austin Holmes has returned to Lexington and resumed his duties as night clerk at Hotel Reed.

Mr. Earnest Daulton has gone to Louisville to take a course in Bryant & Stratton's commercial college.

Mr. John H. Fitzgerald, of the West End, has gone to Chicago, and will make that place his home hereafter.

Mrs. Madison J. Lyons, of Cincinnati, is visiting her parents, Mr. and Mrs. George T. Wood, of Forest avenue.

Mr. and Mrs. John Wilson, of this city, have been visiting Mr. Ben Wilson, of Millersburg, says the Bourbon News.

Portsmouth Times: "Mrs. Mary Guthrie, who has been the guest of Mr. and Mrs. C. C. Brown, of Offene street, the past winter, left Monday for her home at Aberdeen."

Mr. W. C. Peay, business manager of the Kentucky Three Links, an I. O. O. F. journal, returned to his home at Lexington yesterday, after spending several days here on business.

Mr. J. R. Malony of Flemingsburg was here Monday on his way back to California after spending three or four months with his parents. His sister Miss Agnes accompanied him as far as Maysville and was the guest of Miss Anna Redmond of West Third street.

Evangelist Brown Coming.

A protracted meeting will be commenced in the M. E. Church, South, next Sunday, to continue two or three weeks.

Evangelist Brown, of Texas, will assist the pastor, Rev. T. W. Watts. The public cordially invited.

DR. P. G. SMOOT. Office over Mitchell, Finch & Co.'s Bank. At residence of John N. Thomas at night.

Go to C. HELMER'S for the best ice cream in the city.

ACCIDENT INS. TICKETS. W. R. WARDER.

I Find Them Cheaper

More comfortable, and better wearing than kid gloves in the summer. I mean the kind that have the word

"KAYSER"

in the hem. This kind have a **Guarantee Ticket** in each pair, which is good for another pair **Free** in any case where the "Tips" wear cut before the gloves. We carry a full line of them.

"KAYSER Patent Finger-Tipped Silk Gloves."

In Blacks and Colors, 50c., 75c., and \$1.00.

D. HUNT & SON,
Second Street, Maysville, Ky.

BARGAINS
IN EACH DEPARTMENT,

For One Week Only and For Cash Only!

Wool Dress Goods—\$5 buys our \$7 to \$8 patterns, eight yards, new and handsome goods; \$7.50 buys our \$9 to \$11 patterns, exclusive novelties, Silk and Wool; 90c. buys the regular \$1.25 quality Satin Rhadania, just the thing for skirts; 50c. a yard buys Silks worth 75c. Handsomest line of Jets in the city.

Shirts and Waists—Men's Pique front Shirts, 47c., worth 75c.; Boys' Shirt Waists, 19c. buys 25c. quality, 25c. buys 35c. and 39c. buys 50c. quality.

Carpets—All Wool Carpets 40 cents—the lowest prices ever known; 45c. cents for Tapestry Brussels.

Yours for Bargains,

PAUL HOEFLICH & BRO.,
211 AND 213 MARKET.

MYALL & COUGHLIN,
UNDERTAKERS.

Office Adjoining Washington Opera House,
MAYSVILLE, KY.

Mr. J. F. FITZHUGH, formerly of Virginia, but late of Indianapolis, who is thoroughly experienced in all the branches of the business, will have full charge hereafter. Open day and night.

A drive always has go in it. The biggest go in this town just now is our line of

Men's and Boys Tan Shoes.

In fact they have so much go that they go away ahead of all competitors. Our Shoes have made a stir for that reason. They're in demand. A really good Shoe is a prize, as it means comfort to the wearer. Fine material, first-class workmanship, perfect fits and low prices are the cardinal points in our footwear. Whatever the price of any Shoe bought of us, it's cheap because it wears so well. We have just made special prices on our Summer footwear. Come and see us. You will be pleased.

F. B. RANSON & CO.

NOTICE.

Notice is hereby given that the Supervisors of Taxes for the City of Maysville will meet at the Council Chamber on Thursday, May 16, 1895, for the purpose of examining and correcting the Assessor's list for the year 1895.

C. E. BROSEE, City Clerk.

FIFTEEN carloads of strawberries passed through Paris Saturday for Cincinnati. They were grown in Tennessee.

FULL LINE OF MEN'S AND BOYS' JAN SHOES AT BARKLEY'S.

THE COMING MEET.

It promises to be the greatest in the history of the State League, L. A. W.

Says the Cincinnati Tribune: "Every indication points to the coming meet of the Kentucky Division, L. A. W., at Maysville, June 14th and 15th, as the greatest in the history of the State, both in regard to attendance and the entertainment of the visitors. John Ballenger, Thomas M. Russell and D. C. Martin were down to our city during the past week looking after matters pertaining to the meet."

"O. T. Skillman, of Cloverport; W. J. Greenwald, of Middletown; B. Tood Crutcher, of Frankfort; A. W. Davis, of Morton's Gap; Howard Jett, of Cynthiana, and many other of the old members have signified their intentions of being present and bringing large delegations with them."

"Railroad rates of one and one-third fare have been secured on all railroads running into Maysville, while the boat lines will also make special rates."

"Both class A and B racers will be catered to and valuable prizes will be hung up, which will insure a large attendance of the most noted riders."

"Conn Baker, of Columbus, O., attended the meet last year at Owensboro, and says that nothing can prevent his attendance at Maysville, as he knows what is in store for all who attend a Kentucky State meet. Then there will be Van Sicklen, of Chicago, with his numerous green stickers, and Zebra Levy, of Chicago, with his striped racing suit, and little Gus Steele, the ladies' pet, and Seward, who writes for the Referee. They'll all be there."

"A meeting of the A. O. L. and B. P. will be called during the meet by Chief Lunger Watts, and many new candidates will be initiated."

THE FARMERS' TROUBLES.

The Ravages of the Cut Worm Followed by a New Insect That Has Attacked the Wheat.

The farmers are having troublous times this year.

The havoc wrought by the cut worm or army worm was followed by the frost of Saturday and Sunday, and now comes news that a small insect or worm entirely unknown heretofore has attacked the wheat.

A special from Hardford, Ky., says that the farmers of Ohio County are having a serious time. The news comes from all parts of the county that wheat and oats are being ruined by a small worm entirely unknown heretofore. It eats the blade up clean to the stalk. One peculiarity about the worms is that they are inside of the blade. On some blades examined could be found at least a hundred. They are about one-sixteenth of an inch in length and small, perfectly white and are ruining what promised to be one of the best wheat crops for years.

This is probably the same insect that has attacked the wheat crop of Mr. Jacob Kreutz who lives a mile or so south of Maysville. This insect works in the root of the stalk. It is described as about an eighth of an inch long, pure white and the shape of a cigar. Mr. Kreutz sent a sample to Washington for examination by the Department of Agriculture. He has sixty-five acres of grain which is being devasted by the new pest.

A Virginia Seashore Party.

The Eckert-Stewart personally conducted tour to the seashore will leave Cincinnati on the F. F. V. C. and O. railway, at 12 noon, June 11th. Luncheon will be served immediately on leaving, and supper will also be taken in the dining cars for which this line is famous. A stop will be made at Richmond for a carriage drive to points of interest, after which the party will go to Old Point to sail, fish, dance and enjoy life for eight days at the Hygeia. Thence by boat on the Chesapeake Bay and Potomac River to Washington, where a delightful drive about the National capital will be enjoyed; returning home from Washington direct. The tickets will include all expenses. For programmes and full information address C. B. Ryan, A. G. P. A., Cincinnati.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

Lost,

But we have found it—the road to health through Chenoweth's Sarsaparilla, the best blood purifier, liver regulator and general spring tonic. It is made and guaranteed by your home druggist, Thomas J. Chenoweth.

FIRE INSURANCE.—Duley & Baldwin.

C. HELMER has opened his ice cream parlor.

It will be unlawful to kill squirrels until June 15th.

Best carbonized garden hose at Fitzgerald's, plumber.

FLEMING Republicans will hold their county convention next Saturday.

KENTUCKY Populists have postponed their State convention until July 4th.

STILL selling wall paper below cost. J. T. KACKLEY & CO.

THE Knights of Pythias, of Danville, are arranging for a grand time of it July 4.

D. M. RUNYON, fire insurance. Only reliable companies represented; no wild cats.

THE marriage of William Hicks and Miss Lillie Dunbar occurred Monday at Covington.

THE druggists' war at Lexington has been declared off, and Frazee & Morford will restore old prices June 1st.

A REPORT to the Southern Baptist Convention calls for 2,000 missionaries for the territory of the convention.

LEXINGTON requires all attorneys to pay a license, and twenty-five of them planked down the cash yesterday.

Lewis County Republicans instructed for Colonel Bradley for Governor and Dr. Bowman for Lieutenant Governor.

A VOLUNTARY 10 per cent. increase in wages was given the employees of the Delaware iron works at Wilmington.

DR. AND MRS. J. P. HENDRICK, of Flemingsburg, celebrated the forty-first anniversary of their marriage on May 9th.

GET your summer bonnet and hat of M. C. Hudnut, 114 West Front street. Stamping and pinching done as ordered.

TAKE a few shares of stock in the People's Building Association for profitable investment. Dividends paid in cash annually.

A. DUD POLLITT, M. M. Walker and O. M. Reaganstine all want the Republican nomination in Lewis County for Representative.

THE L. and N.'s earnings the first week of May were \$325,385, a decrease of \$3,790 compared with the corresponding period in 1894.

A CLOUD burst is reported on Rock Run, back of Vanceburg, Monday night. John Cole's house was carried away, the family narrowly escaping.

MISS FRANCES CLAYBROOK, of Hutchinson, Bourbon County, will graduate at Madison Female Institute, at Richmond, on the 30th. Her parents formerly resided in this county.

CARROLL POWER, as attorney for the Commonwealth of Kentucky, has filed suit against the city of Flemingsburg for State taxes on the steam fire engine and the blacksmith shop and lot.

THE Misses Trimble, of near Helena, Miss Kate Davis, of near Stringtown, and Mr. Henderson, of Poplar Flat, are attending Professor Kay's class at Tollesboro, preparatory for examination.

THE marriage of Clarence Fleming DeBell and Miss Bertie Hudson, of Flemingsburg, is announced to occur May 29. Miss Hudson is a daughter of R. S. Hudson and has relatives in this city and county.

THE Mason County Building and Saving Association is still with us, and will open the nineteenth series on June 1st. Get ready to subscribe or go now to R. K. Hoeflich, Treasurer, M. C. Russell, Secretary, or any of the directors and get your stock.

THE Kentucky Grand Lodge of Oddfellows will meet in Frankfort July 9, 10, 11 and 12. Big preparations are being made to entertain the visitors. Besides the regular routine business, there will be the usual parades, picnics and banquets.

REV. H. A. BROWN will be installed as pastor of the Ebenezer Presbyterian Church of Cottageville, on Thursday, May 16th, at 10 a. m. The committee of installation is composed of Dr. W. C. Condit, of Ashland, Dr. Hendrick, of Flemingsburg, and Rev. T. W. Williamson, of Aberdeen.

ATTENTION is called to the advertisement in another column of Mr. S. O. Porter, who for the past twenty-seven years has been engaged in carriage blacksmithing. He has opened a repair shop on Wall street, between Front and Second, and cordially invites his friends and the public generally to call when in need of work in his line. Prompt attention; moderate charges.

A SAD ACCIDENT.

Mrs. William Brown Terribly Burned While in a Fit Tuesday Afternoon.

Mrs. William Brown met with a sad and very serious accident Tuesday afternoon about 2 o'clock, at the home of the family on the north side of Second street, near Union.

Her husband is an employee of the Keith-Schroeder harness factory and was at his place of work at the time. Their seven-year-old son Harry was playing in the yard, and no one was in the room when the accident occurred except the unfortunate woman and her infant babe.

Mrs. Brown has been in rather poor health for some time, but was able to go about the house. She is subject to fits or fainting spells, and while standing near the fire was seized with one of these attacks, falling forward, her head striking on the bars of the grate.

How long she remained in this position in her unconscious condition she is unable to tell, but when she recovered her mouth, nose and the right side of her face and head were horribly burned.

She dragged herself to a chair and just then her little son came in. He called some of the neighbors. They at once summoned Dr. Pangburn, who dressed the burns and did all that was possible to alleviate the unfortunate woman's sufferings.

The extent of the injury to the right eye is not known yet, but it is feared the sight was entirely destroyed.

Mrs. Brown was resting as well as could be expected this morning. She fell two weeks ago in a fit and had just about recovered from her injuries.

Mr. Brown is a hard-working and industrious man, and the community sympathize with him and his wife and little ones in this misfortune that has come to them.

Free Show For Two Weeks.

Given by the German Medicine Company at Aberdeen, O., commencing Monday, May 13th. Comic, moral and refined. Advice and consultation free. Dr. L. E. Granger will be at the office tent daily from 9 a. m. to 6 p. m. The ferry will run and return after the show. Come and investigate.

Five Cent Books For Summer Reading.

One thousand books published at 25 cents, for sale at 5 cents each.

J. T. KACKLEY & CO.

Food

—But No Appetite

is a worse fix than "appetite but no food." Can you eat a meal with relish, or can't you? If you can't your stomach probably needs looking after, and this is the way to look after it: Take a tablespoonful of

Brown's Iron Bitters

in a little water, three times a day for a week and you'll be surprised how well you'll feel, and how hungry you'll be, and—but isn't this enough?

Brown's Iron Bitters is a medicine for all ages—children like it, and old persons nearly always need it.

It is pleasant to take and will not stain the teeth nor cause constipation. See the crossed red lines on the wrapper.

BROWN CHEMICAL CO.,

TREASURY DEFICIT.
The Expenditures of the Government Have Exceeded Its Revenues.

WASHINGTON, May 15.—Yesterday the treasury deficit passed the \$50,000,000 mark, the exact amount of the excess of expenditures over the receipts since July 1, 1894, being \$50,404,887. The deficit for the 13 days of the present month is \$5,105,517. This is the second year since 1865 that the expenditures of the government have exceeded its revenues. Last year the deficiency was \$69,803,260, making the aggregate deficiency since July 1, 1893, \$120,208,147.

The receipts from customs so far this year amount to a little over \$133,000,000 in excess of the custom receipts during the whole of the last fiscal year. The internal revenue receipts this month to date aggregate about \$125,500,000 as against \$147,111,232 during the fiscal year 1894.

The best information obtainable as to the net result of the year's financial operations is that even if the income tax law is permitted to remain as it is the deficiency on July 1 next will exceed \$55,000,000, and if the law is declared unconstitutional it may reach \$60,000,000.

Cash and Gold Reserve.

WASHINGTON, May 15.—Yesterday's statement of the condition of the treasury shows: Available cash balance, \$181,751,381; gold reserve, \$96,201,500.

PLANNED BY CRANKS.

Bombs Found Near the Residences of Hon. T. B. Reed and Mayor Baxter.

PORTLAND, Me., May 15.—This city is excited over the discovery of evidence which leads the police and many citizens to believe that some crank planned to blow up the residences of Hon. Thomas B. Reed and Mayor Henry Baxter.

While patrolling Deering street Monday night near the Reed and Baxter houses, Policeman McCormack found on the sidewalk an envelope containing three vials, filled with a dark yellow fluid and wrapped in cotton batting. Pinned inside the envelope was a slip of paper, upon which was some writing in an unknown tongue, resembling a combination of Greek and Armenian. There was nothing in English except: "M. Baxter, Feb 123, A. O. U. I. 22, 23. M. Reed Morris L. Morsrow."

It was at first thought that the mysterious package had been placed on the walk by some joker, but when a druggist pronounced the fluid in the vials to be nitroglycerine, the police began to look at the matter seriously. The entire police force has begun an investigation.

LATEST FROM THE SICK.

Gresham Better, but No Change With the Other Patients.

WASHINGTON, May 15.—The condition of Secretary Gresham continues favorable.

There has been no change in the condition of Representative Hitt for several days.

Miss Mary Dodge (Gail Hamilton) is not rallying promptly.

Hugh McCulloch is reported to be a little more comfortable.

Everything Quiet in Nicaragua.

WASHINGTON, May 15.—The Ranger, which has arrived at Panama from Esmeraldas, reports affairs tranquil in Ecuador. The Alert has sailed from San Juan del Sur to Panama. It is stated at the navy department that everything is now so quiet in Nicaragua that no trouble is feared, and that the Alert could leave San Juan del Sur without jeopardizing American interests. Nothing has yet been heard from the Montgomery and the Nicaragua canal commission, although it is presumed that the ship has arrived at Greytown.

Cloudburst in Kentucky.

VANCEBURG, Ky., May 15.—News has been brought here of a cloudburst in Rock Run creek, five miles south, last night. All fences from the head to the mouth of the creek were washed away. John Cole's house was washed away and the family narrowly escaped with their lives. Crops were completely destroyed, trees uprooted and the debris fills the valley where pretty fields were spread a few days ago.

Japan Asked No Extra Indemnity.

SHANGHAI, May 15.—It is announced at Pekin that the Japanese renounced their claim to the Lia-Tung peninsula without demanding the payment of an increased amount of indemnity for so doing. It is added that the conduct of Japan in this matter is warmly praised. It is feared that the disbanding of the Chinese troops will cause disturbances.

Oklahoma Crops Injured.

HENNESSEY, O. T., May 15.—The dry, hot winds of the past few days have had a disastrous effect on grain, and if it continues will kill all chances for wheat, which are very slim. The effect on corn and oats is also pronounced. Business is almost at a standstill owing to the uncertainty of crops.

Accident on a Towboat.

PITTSBURG, May 15.—The flue of the towboat Rescue collapsed about 10 o'clock Tuesday morning while the vessel was going up the Monongahela river and Engineer George McKinnis and Fireman Samuel Schoomover were fatally scalded. The damage to the boat was not large.

INDIANAPOLIS, May 15.—Ex-President Harrison says regarding the report that he has permanently retired from jury practice, that it is a mistake. He will no longer engage in any more jury trials away from home, and will confine mainly his practice to arguments before the courts.

Mr. Uhl Acting Secretary of State.

WASHINGTON, May 15.—Mr. Uhl of Michigan, who is acting as secretary of state, again attended the cabinet meeting yesterday at the express request of the president, carrying with him into the discussions several matters of moment growing out of our foreign relations.

Big Fire in Detroit.

DETROIT, May 15.—A big fire in the yards of the Dwight Lumber company, which occupies about two blocks square at Scotten avenue and the Michigan Central railroad tracks, destroyed nearly a million dollars worth of property. The fire originated in the company's planing mill and swept through the yards, destroying the planing mill, a dry kiln, shingle and backing mills, and an immense quantity of lumber. The extent of the insurance has not yet been learned.

Famous Bandits Executed.

ALGIERS, May 15.—Areski, the famous bandit chief, and five of his companions were executed yesterday at Azaza. The band of outlaws to which these men belonged terrorized Kabylia for a long time. They were captured early in the year and on Feb. 4 last Areski and nine of his followers were condemned to death. Five other members of the band were sentenced to terms of penal servitude.

THE TRIUMPH OF LOVE.

IS HAPPY, FRUITFUL MARRIAGE.

Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

"Here at last is information from a high medical source that must work wonders with this generation of men."

The book fully describes a method by which

to attain full vigor and manly power.

A method by which to end all unnatural

drains on the system.

To exchange a faded and worn nature for one of brightness, buoyancy and power.

To cure forever effects of excesses, overwork, worry, &c.

To give full strength, development, and tone to every portion and organ of the body.

Age is barrier. Failure impossible. Two thousand remedies.

The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.
